Hello everyone,

This is the itinerary for this Saturday and it will relatively be a short day. The award ceremony is around 5PM and it would be nice if some of the students could return to the contest and be there for it. Please let me know if you have any questions or concerns. I hope to see each and every one of you there supporting us. Thank you for all the support and everything you have done to make this program what it is.

Thanks,
Zac Robason
